CIRCULAR

Dear Parents,

July 21, 2016

A number of children are reporting to the school with fever and other medical problems on the days of the **Cycle Test** and request for permissions to leave the school after the test.

You are requested not to send your child to school if he / she is unwell since it is undesirable both for your own ward and for other children who might pick up an infection from your ward.

Furthermore administratively it is not possible for the school to organize a separate venue for the large number of children with complaint of fever, cold, cough, conjunctivitis etc.

Dear parents you are requested to kindly refrain from sending your child to the school if your child is unwell. The school reserves the right to treat the paper as cancelled if the child comes to school in a state of ill health or leaves immediately after the paper. This has been requested by a number of parents also out of a sense of concern for the other children in the class.

Thanks & regards
